

AC7-M4

AC Mounting hardware for Anchor Bar A7 profile

Clamping plate with M4 thread made of aluminium for fixation onto Anchor Bar A7 profile

Feature / Benefits

- Lateral lugs for easy handling during installation

Technical features

GENERAL SPECIFICATIONS

|                            |                                                         |
|----------------------------|---------------------------------------------------------|
| Product Type               | Hanger                                                  |
| Installation Hardware Type | Anchor bar with slotwidth 18 to 22 mm (0.7 to 0.9 inch) |
| Hanger Type                | Clamping plate for anchor bar                           |
| Cable Type                 | Coaxial Foam Dielectric, Radiating Cable                |

TESTING AND ENVIRONMENTAL

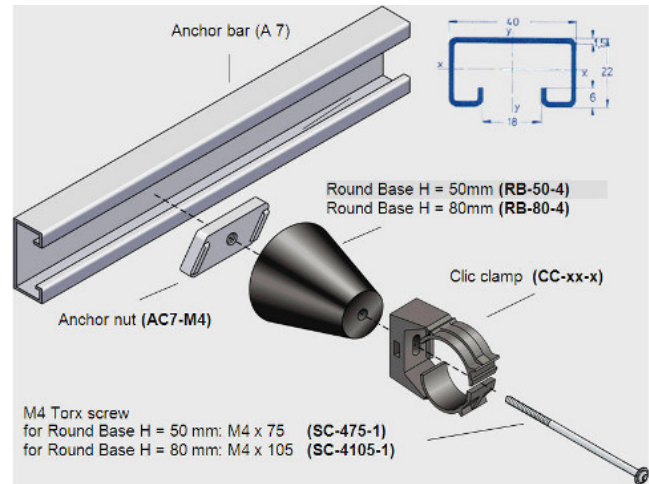

|                          |                                |
|--------------------------|--------------------------------|
| Installation Temperature | -50°C to 85°C (-58°F to 185°F) |
| Operation Temperature    | -50°C to 85°C (-58°F to 185°F) |
| Storage Temperature      | -50°C to 85°C (-58°F to 185°F) |

MECHANICAL SPECIFICATIONS

|                                  |           |
|----------------------------------|-----------|
| Number of Cable / Waveguide Runs | 1         |
| Material                         | Aluminium |

PACKAGING INFORMATION

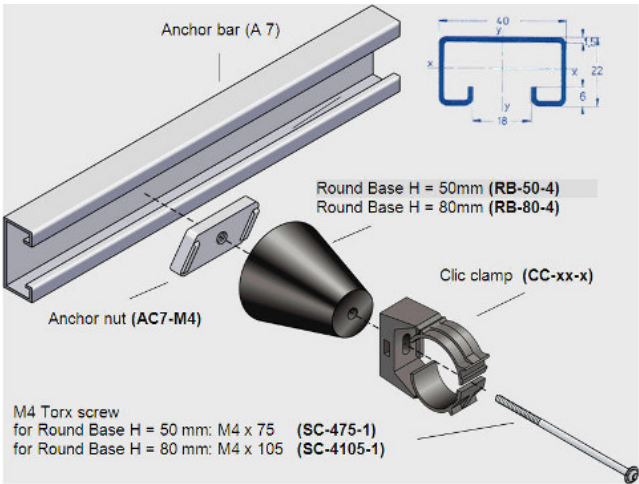

|                  |                   |
|------------------|-------------------|
| Package Quantity | 1                 |
| Weight per piece | 0.012kg (0.026lb) |
