

**BOOT4-046**  
4" Feed Through Boot Assembly w/1 hole for E46 Waveguide

4" Feed Through Boot Assembly Hole for E46 Waveguide

**Feature / Benefits**

These innovative boot assemblies feature a one-piece design which reduces installation time. The split, one-piece style simplifies clamping and frees the installers hands to position the cable runs. Boot assemblies are designed to be fitted onto 4" entry panels in wall/roof feed-through applications. The durable boot is designed to meet ASTM-D2000 and SAE J200 specifications. Each boot assembly includes the boot, two round member adapter clamps which fit inside the boot assembly to hold the waveguide in place.

**Technical features**

**STRUCTURE**

Product Type	Wall/Roof Feed-Through System
--------------	-------------------------------

**MECHANICAL SPECIFICATIONS**

Material	EPDM rubber
----------	-------------

**TEMPERATURE SPECIFICATIONS**

Operation Temperature	-50°C to 85°C (-58°F to 185°F)
Storage Temperature	-50°C to 85°C (-58°F to 185°F)

**PACKAGING INFORMATION**

Package Quantity	1
Weight per piece	0.7kg (1.6lb)
Box Dimensions (Bulk Shipping)	635 x 330 x 178 (25 x 13 x 7) L x W x H
