

SFS-FIX-639-02

Metal plug for smart fixing solution family

For the simple and fast installation of ceiling suspensions

Feature / Benefits

- Quick assembly due to smooth hammering in
- Spreads forward, no need to hold the workpiece
- Spreading via cone and tongue
- Drill hole diameter 6 mm
- Large retaining head for clean assembly
- ETA-17/1004 Multiple loading of non-load-bearing systems in cracked concrete
- Fire resistance F120

Technical features

GENERAL SPECIFICATIONS

Product Type	Installation Hardware
--------------	-----------------------

STRUCTURE

Installation Hardware Type	Metal Plug
----------------------------	------------

MECHANICAL SPECIFICATIONS

Material	Stainless Steel (A4)
Length	39mm (1.535in)
Drill Hole Size	6mm (0.236in)
Drill Hole Depth	35mm (1.378in)

PACKAGING INFORMATION

Package Quantity	200
